

MEMBERSHIP

BENEFITS

Membership of the York Older People's Assembly provides the opportunity to gather with other older people to hear talks and watch presentations by leading people from statutory and voluntary groups, and to take part in discussions on many and diverse subjects pertinent to the older person.

Our Champions provide access to the heart of the City of York Council and the Hospital Trust and our Executive Committee members sit on many policy-making boards throughout the city.

Membership also brings the opportunity for you to get involved in any subject that interests you by becoming a representative on a consultative committee or as a delegate to a conference. You may also wish to consider joining the Executive Committee where you can help in the decision making, running and administration of the Assembly.

The Committee hopes that you are as active as you wish and participate as much as you want. Your participation at any level is welcome.
