## YORK 50+ FESTIVAL 2021

Now in our 16<sup>th</sup> year – what can we all contribute to the WELLBEING of older people?

2021 is the 16<sup>th</sup> year of the York 50+ Festival and we welcome back all those who have made it so successful over the last 16 years as well as all those who have new ideas to add to the enjoyment. We want to build on our creativity, diversity and social inclusion. We welcome events both large and small from all groups and individuals who want to "accentuate the positive" of being over 50. Given the current situation this could be a virtual event online or a traditional in-person activity or a hybrid event. All events go in the Festival Programme and printed copies will be available from early September. Programmes and photos from previous years can be found at [www.yorkassembly.org.uk](http://www.yorkassembly.org.uk) and click on the Festival link.

In order to be proactive in our festival fundraising, we are asking every organiser to send us £6 with their application to go towards the printing costs of programmes and posters. We value your participation and trust you will want to be part of this now well-established festival. You can choose what fee, if any, to charge for your event(s) to cover your costs, though we encourage you to keep this low and maybe offer a free taster session for any regular activities. Donations welcome!
